

CONNECTING OUR LOCAL BUSINESS COMMUNITY

WELCOME TO

Chamber Chat

Hello Chamber members and connected colleagues,

As a Chamber representing your business interests, we are spearheading a broader vision of bringing businesses across the South East region together.

The first part of this initiative is the South East Business Conference - Towards 2050. The conference will be the first major event for the South East business community in more than 10 years.

We have council support and buy-in from other business networks. This collaboration is designed to bring business network membership groups together, to strengthen the collective representation of South East businesses from a grassroots level.

We know tickets will go fast for this one!

Lisa Moore

CEO, Greater Dandenong Chamber of Commerce

South East Business Conference Towards 2050

The inaugural [South East Business Conference](#) will bring together leaders of business from across the Greater South East Melbourne region to listen, learn, connect, plan for the future, and begin the work of collaboratively positioning the region as Australia's future business hub.

The Greater Dandenong Chamber of Commerce is working with other Chambers of Commerce and business networks across the region to bring to life this exciting event.

We are excited to hear from keynote speaker Mr Simon McKeon AO as well as other distinguished speakers; and bring business people from across the region into the same room to start these important conversations.

Wednesday 30 August, 7.30am to 12.30pm

Places will be limited.

[Register today](#) to express your interest in being in the room where it happens!

South East Business Awards

Nominations are now open for the 2023 South East Business Awards, held annually to celebrate outstanding businesses in the south east region of Melbourne.

Participating in the awards is a wonderful opportunity to gain valuable insights and feedback on your business through the nomination and judging process. It can also serve as a vehicle to reflect on what is working well, acknowledge your successes, and get helpful feedback on your business.

Hear what two previous winners have to say about their experience with the awards process, in these fireside chats with Chamber CEO Lisa Moore...

Nominate your business today
