## Best Business Lunch Series

The workplace has changed dramatically over the last 2 years and with that change a new debate has emerged.

Return to the office or work from home?

**Greater Dandenong Chamber of Commerce is pleased to present our Best Business Lunch series, designed to educate and inform our members on best business practices. These events are presented by our members for our members.**

Each month we will hear from industry professionals covering a topic relevant to businesses now. In August, we discuss - Return to the office or WFH?

We will meet the Employment, Safety and Migration team from Macpherson Kelley.

Macpherson Kelley will share the latest industry insights from both an employer and employee perspective on the WFH topic, and will also provide you with a better understanding of the best way to engage with and retain your workforce.

*This is an exclusive member only event and seating is limited to 18 Greater Dandenong Chamber members, so you must register your attendance.*
